Brownies	300F for 45 min.	300F for 35 min.	275F for 45 min.	285F for 40 min.
Cheese Cake	350F for 45 min.	350F for 35 min.	325F for 45 min.	340F for 40 min.

OPTIONAL ACCESSORIES

- Roasting Rack** - How to Assemble: The Roasting Rack is two separate pieces of metal (Fig. 1). At top, metal piece has a hole (left). At top, plastic corner up right. Take the right piece and thread an end through hole of left piece. The curved top section should be situated in hole of left piece. To position the Roasting Rack into the High Rack, align the ends of the Assembled Roasting Rack to the designated corner on the High Rack (Fig. 2).
- Chicken, Roasting Forks, etc.** - one placed over ground meat pieces (Roasting Rack).

HELPFUL HINTS

A HEALTHIER LIFESTYLE

With the FLAVORWAVE OVEN™ TURBO, you are always cooking with hot air (dry roasting) and with the food suspended on a wire rack. As a result, roasting of fat is minimized, leading to lower calories, lower fat and cholesterol consumption and a healthier lifestyle.

You will find that, with the FLAVORWAVE OVEN™ TURBO, it is not necessary to add fat, oil, butter or margarine to most recipes. However, you can do so if you wish.

We recommend the following steps to further improve your health:

1. Eat a variety of foods including items from all food groups daily.
2. Eat less butter, oil and sauces.
3. Eat less sugar and sweets.
4. Eat plenty of fruits and vegetables (preferably steamed).
5. Drink only moderate amounts of alcohol.
6. Drink plenty of water every day.
7. Use less processed foods and more fresh food instead.
8. Eat less at a time, but eat regularly.
9. Use fat, oil, butter and margarine sparingly.
10. Use salt sparingly.
11. Dry roast your food as often as possible.

COOKING TIPS

TO USE YOUR FLAVORWAVE OVEN™ TURBO TO ITS FULLEST POTENTIAL, HERE ARE A FEW COOKING TIPS TO REMEMBER.

- **DEPENDENT ON RECIPE AND FOOD TYPE, WEIGHT, VOLUME AND TEXTURE, FOOD SHOULD BE FLIPPED DURING THE COOKING CYCLE.**
- **WHenever possible, PLACE FOOD DIRECTLY ON THE WIRE RACK.** Cooking on a wire rack allows the hot air to circulate freely around the food, cooking it quickly and evenly, even without turning.
